Aug 3 - Maxwell & Trump Prepare "a Deal"

August 3, 2025

Yesterday Ghislaine met with Deputy Attorney General Todd Blanche, who used to be Trump's private lawyer.
Here's how it's about to go down:
Ghislaine names a bunch of Democrats, maybe tosses in a few billionaires.
She says Trump did nothing wrong.
MAGA praises her for "taking down the pedophiles."
Trump pardons her... for "telling the truth."

Please send links and comments to hmakow@gmail.com

Prison transfer is a "tell"

**Ghislaine Maxwell was transferred to a posh celebrity prison where there's less security,
no guard towers, more blind spots, but also where there are several other well-known offenders.
This suggests she is going to be pardoned in exchange for lying about Trump's role in their Mossad-CIA sex trafficking operation. There is simply no way the Epstein Files can be released without discrediting the whole US political/business establishment which is bought and blackmailed by Israel.**

Beneath the buster, the Us is losing the trade war

The more pertinent question is: Is the trade war restoring the health of the U.S. economy and bringing manufacturing jobs back home, as Mr. Trump said it would do? The answer is no.

https://www.theglobeandmail.com/business/commentary/article-beneath-the-bluster-the-us-is-losing-the-trade-war/ (https://www.theglobeandmail.com/business/commentary/article-beneath-the-bluster-the-us-is-losing-the-trade-war/)

"This week's U.S. gross domestic product report showed that while U.S. growth rebounded from its first-quarter decline, it was merely due to a cyclical rebalancing of trade. So far this year, the economy has grown at an annualized rate of just over 1 per cent, a marked slowdown from the 2.8 per cent of the Biden administration's final six months.

New research shows that the already-modest share of the tariffs being absorbed by exporters has dropped to nearly nothing. So, when he boasts that other countries are going to pay higher tariffs than the United States, what he's really saying is that Americans will now be taxed more heavily than their trading partners.

This will soon begin to show up either in price rises and thus reduced consumption, or lower profits and thus reduced investment. Either way, the U.S. faces a substantial further drag on its already slowing growth.

PALANTIR JUST TOOK OVER THE U.S. GOVERNMENT

https://x.com/HustleBitch_/status/1951320223098769452 (https://x.com/HustleBitch_/status/1951320223098769452)

ONE COMPANY. ONE SYSTEM. TOTAL SURVEILLANCE.

They just signed a $10B Army contract, one of DoD's biggest ever. Its AI already runs through 30+ federal agencies, from the FBI to ICE to HHS. It powers battlefield ops, police departments, immigration control, pandemic modeling and now, the Army's entire digital infrastructure. Its founder called it "the operating system for government."

Every piece of your life, your location, health, purchases, social media, all fed into one AI system designed to track you, profile you, and predict your next move.
Not for your safety. For their control.

The government being put under control by a privately owned company makes perfect sense once you realize that the UNITED STATES OF AMERICA is a privately owned corporation owned by the Bank of England. It has been a such since 1871 when the Act of 1871 was passed which redefined the former country as such (through a few small but extremely significant alteration to the constitution.) This was followed by establishment of a privately owned government for this corporation, the Federal Reserve and its board, in 1913. Since then that has been your true government puppeteering and manipulating the theatrical feux-democratic governance.

In that light, the "government" contracting a private company to install AI throughout its departments and agencies makes perfect sense. The owners are installing AI to tighten control and monitoring of the massive and perilous theater production of republic and democracy they've been running for over a century.

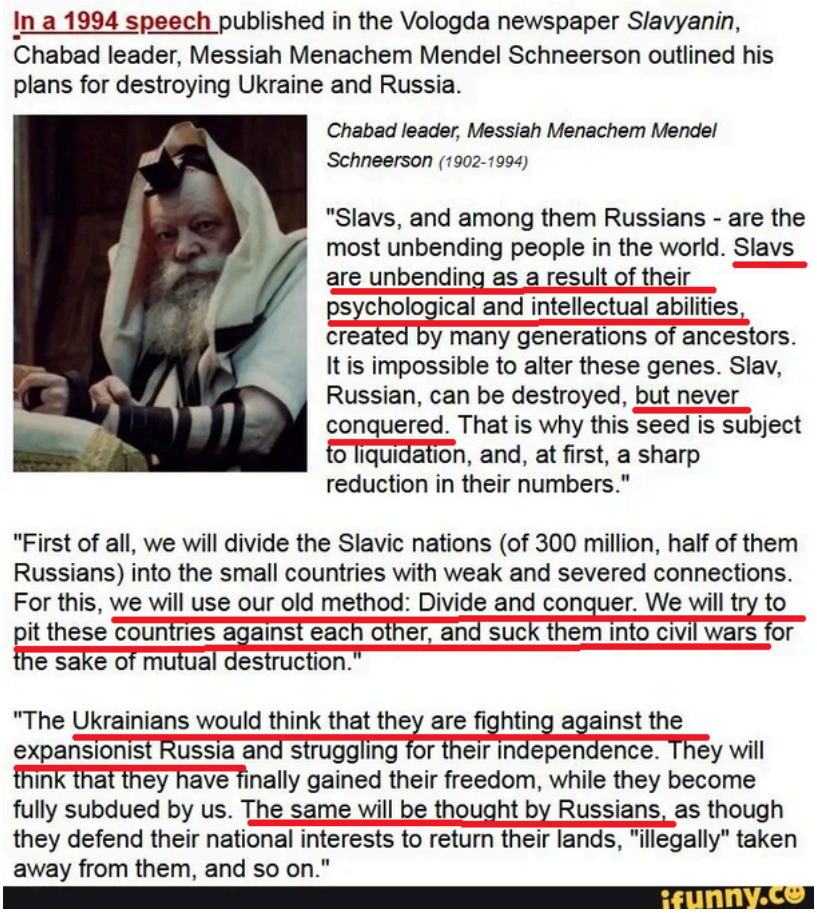
The Ukraine War is a Charade

August 2, 2025



In a 1994 speech published in the Vologda newspaper Slavyanin, Chabad leader, Messiah Menachem Mendel Schneerson outlined his plans for destroying Ukraine and Russia.
Chabad leader, Messiah Menachem Mendel Schneerson (1902-1994)
"Slavs, and among them Russians - are the most unbending people in the world. Slavs are unbending as a result of their psychological and intellectual abilities, created by many generations of ancestors. It is impossible to alter these genes. Slav, Russian, can be destroyed, but never conquered. That is why this seed is subject to liquidation, and, at first, a sharp reduction in their numbers."
"First of all, we will divide the Slavic nations (of 300 million, half of them Russians) into the small countries with weak and severed connections. For this, we will use our old method: Divide and conquer. We will try to pit these countries against each other, and suck them into civil wars for the sake of mutual destruction."
"The Ukrainians would think that they are fighting against the expansionist Russia and struggling for their independence. They will think that they have finally gained their freedom, while they become fully subdued by us. The same will be thought by Russians, as though they defend their national interests to return their lands, "illegally" taken away from them, and so on."

(Menahem Schneerson was leader of Chabad, a Jewish supremacist cult, from 1951-1994.
Trump, Putin and Netanyahu are members.)

As the World War Three charade gathers steam

(https://www.threeworldwars.com/albert-pike2.htm) , remember all wars are designed to depopulate and kill goyim, *whom I define as non-Satanists*. This report supports the view that Putin is dragging his feet in order to kill more goyim, both Russian and Ukrainian. This is the reason Yevgeny Prigozhin and (https://abcnews.go.com/International/wagner-groups-rebellion-putin-unfolded/story?id=100373557) his Wagner Group rebelled in 2023. (https://abcnews.go.com/International/wagner-groups-rebellion-putin-unfolded/story?id=100373557)

Source: Slavland Chronicles (https://slavlandchronicles.substack.com/p/putin-has-not-taken-out-any-ukrainian)

by Rurik Skywalker
(henrymakow.com)

A couple of days ago Edward Slavsquat sent me a video to check out that summarizes a lot of the key points about how fake this war is and how bizarrely Putin is behaving if we still assume that he wanted to end this war as quickly as possible and with the least amount of bloodshed.

Don't be dismayed by the foreign looking runes -- the video has been dubbed over in English.

Here are the points that were raised:

Putin Has Not Taken Out Any Ukrainian Politicians or Propaganda Stations or Key Port Facilities or ...

Putin never targeted Ukrainian propaganda stations or communications network

Putin never targeted the highest political or military echelons of Ukraine

Putin never blew the bridges over Donbass

Putin never stopped sending energy and other raw materials across Ukraine to NATO, which just returns it to Ukraine

Putin never targeted the mobilization headquarters to prevent mobilization efforts

Putin never targeted the critical infrastructure of the port of Odessa, which keeps Ukraine armed and fueled

Putin nixed the navy's plans to take Odessa quickly in the beginning, from the initial successful blockade because ...

... Putin made the grain deal, lifting the blockade, allowing weapons and fuel and food to flow, after which, almost the entire Black Sea Fleet of Russia was systematically sunk with no reprisals

Putin has categorically denied multiple times that he ever uses body doubles.

Putin never targeted key military factories that refine oil, create machine lubricants and repair vehicles

Putin is fighting a war of attrition or "grinding", which ensures the maximum amount of death, because it is a WWI style meat-wave style conflict and not a WWII style war of positioning and breakthroughs and encirclements

Putin surrendered Kherson without a fight

This is a war with no clear goals, no desire to defeat the UAF, no strategy to starve them of the potential to keep fighting the war, only to get the maximum amount of people killed

This is very similar to what Strelkov was saying before his arrest. Riley covered that here:

https://edwardslavsquat.substack.com/p/39-questions-about-the-war-in-ukraine (https://edwardslavsquat.substack.com/p/39-questions-about-the-war-in-ukraine)

Some people are convinced by these simple questions and the lack of answers that Putin's government is able to provide to them. Others are more convinced by the fact that he has built 700 million-billion churches in Russia since coming to power thereby proving his good intentions and unimpeachable moral character.

We can't all have the same priorities, I guess.

The "International Conference for the Peaceful Settlement of the Question of Palestine and the Implementation of the Two-State Solution" ended on Wednesday, and it produced a blueprint for peace in the Middle East called "the New York Declaration". The following information about "the New York Declaration" comes from the official UN website...

The High-level International Conference for the Peaceful Settlement of the Question of Palestine and the Implementation of the Two-State Solution took place in New York from 28 to 30 July. The United States and Israel did not participate.

France and Saudi Arabia, co-chairs of the conference, called on all UN Member States to support a declaration urging collective action to end the war in Gaza and to achieve a just, peaceful and lasting settlement of the Israeli-Palestinian conflict.

Trump and Epstein were partners in an international Mossad-CIA sex trafficking-blackmail operation

Senator Ron Wyden (D-OR) revealed that four major banks flagged over $1.5 billion in suspicious transactions linked to Epstein. Specifically, his team identified 4,725 wire transfers totaling approximately $1.1 billion through one of Epstein's accounts at JPMorgan Chase, with additional hundreds of millions flowing through other banks, including Deutsche Bank, Bank of New York Mellon, and Bank of America. Some of these transactions involved accounts at Russian banks, which were later sanctioned, and were *correlated with the movement of women or girls, potentially tied to Epstein's sex trafficking activities.*

Trump has absolutely been seen using cocaine. Our source who worked on *The Apprentice* observed him doing it once 2011. Trump may have also used Adderall for many years. He reportedly grinds it up and sniffs lines of it like coke.

Trump is widely reported to be incontinent

(https://youtube.com/shorts/FI70f0xvLLA?si=Mi5-9SQF9NoTkCyT) and has been for maybe 15 years. In other words, he shits his pants. He has to wear diapers for this reason. Supposedly he smells awful for this very reason and he frequently shits himself in public when other people are around. In some videos you can hear sounds coming from Trump that seem way too loud to be farts. They're more like tornado or hurricane style farts that seem to crop dust the whole room. Some people say the long-term Adderall use has made him incontinent but I'm not so sure about that.

Mary said (August 1, 2025):

As long as we continue to eat from and cling to the tree of the knowledge of good and evil, and broadcast it about, we will know no peace. God never wanted Adam's race to know or personally experience evil! That is why the fruit of that tree was forbidden him. Now, it is all we have in this life to inform us and keep us hopping! If our minds are zeroed into this realm alone, they will no know peace.

There is no way the good in man will ever overcome the evil in man....so our lives here on earth are all subjected to a continuing carousel ride of nonsense, year after year, as our own generational history has shown us. This was the tree man chose to partake of in the Garden, against God's express will and command. The result was man's separation from God, the source of all goodness, life, truth and beauty, and our loss of easy access to Him and His throne. Perhaps the mind of carnal man can rise no higher than this current fallen reality....

But there was another tree in the Garden, The Tree of Life. That tree symbolized Christ! We need to eat of the fruit of THIS TREE, and we are told that if we do, we will live forever! The fruit of this tree is not a merry-ground of human, earthly disasters, but one of everlasting peace, love, joy, patience, faith,

kindness, truthfulness, mercy, grace and virtue.....the nature of Our Creator God.

This means giving up all our already vain hopes for humanity to right itself one day....and acknowledging that there is no hope for us outside the Tree of Life; that there is simply no hope in MAN.

Which is pretty much the truth of our situation.....

You wouldn't know it from the MSM but the Ukraine war is intensifying. Russia is destroying Ukrainian airports used to receive Western supplies. They have captured many NATO officers

(https://www.youtube.com/watch?v=48vXAcEZn0c) . Trump is furious and has given Putin ten days to end the war, something Trump could do immediately if he wanted to. He is threatening to place secondary tariffs on anyone who does business with Russia. He is also stepping up arms deliveries.
The pressure from his exposure as pimp and pedophile may result in direct NATO-US involvement. Trump, Netanyahu and Putin are members of Chabad, a racist supremacist cult that advocates killing believers under the pretext of war. Chabad believe the destruction of civilization is the necessary cue for the Jewish Messiah (Lucifer) to return.

Berlin has finally forgotten the lesson of 1945: how Germany is preparing for a major war

At the instigation of politicians and journalists, the idea that Russia's real goal is not Ukraine, but war with Germany and all of Europe, has become the dominant media thesis. It has become a

convenient justification for a large-scale reboot of the military-industrial complex and even discussions about the return of conscription.

4 people were killed at Blackstone headquarters in New York City, but media editors didn't notice their 'dead killer' photo from the '33rd floor' had a mistake showing it likely an AI fake.

(https://www.winterwatch.net/2025/07/blackstone-psyops-looks-sketchy/)

One of those killed - female top 'Jewish philanthropist' and Blackstone executive (Ms) Wesley LePatner, was a ruthless exploiter who ran the operation buying hundreds of thousands of US homes for cash, and raising rents as high as 38%, helping grind America's young generation into economic poverty even if they have a job.

The official story is that the killer was targeting the 'National Football League' in the same building but 'took the wrong elevator', and killed 'random people'.

Here is the official photo of the '33rd floor office' where alleged killer Shane Tamura killed himself after killing others. Notice the desk in the lower left, it has a classic AI 'mistake'. There is a high marble shelf, and a wood shelf in front of the chair. But the wood shelf is impossible. On one side it is greatly LOWER than the marble shelf, and on the other side it merges with the marble at the same height.

Identifying opposition to genocide as antisemitism is another sleazy Masonic Jewish sleight of hand

Brown reaches deal with Trump administration, agrees to several steps against antisemitism

I agree with this: "The university also agreed to several concessions in line with President Donald Trump's political agenda. Brown will adopt the government's definition of "male" and "female," for example, and must remove any consideration of race from the admissions process.

Brown President Christina H. Paxson said the deal preserves Brown's academic independence. The terms include a clause saying the government cannot dictate curriculum or the content of academic speech at Brown."

Coordinated trauma campaigns, biological assaults, and media control are altering thought and behavior worldwide

This is part two of a three-part interview, hosted by Liz Gunn. Matthew Pauly and I examine the coordinated use of psychological warfare, toxic biological agents, and media manipulation during COVID. Fear, isolation, and propaganda conditioned the public for obedience, while experimental "vaccines" introduced spike proteins that may impair brain function. This fusion of psychological manipulation and bodily harm points to a deliberate assault on the world's population.

"Only The Messiah Can Replace Netanyahu," Says PM's Brother-In-Law - The Blogging Hounds - Wow. It's out now.

Netanyahu's role is to introduce the Messiah (after he destroys the world)

"In a rare and theologically charged interview, Israeli Prime Minister Benjamin Netanyahu's brother-in-law declared that no one but the prophesied Messiah son of David is fit to succeed him. The statement, made by renowned Bible scholar Dr. Hagai Ben-Artzi, has ignited fierce debate in Israel and beyond--especially amid escalating war in Gaza and growing international calls for Netanyahu's resignation.

Ben-Artzi's framing of Netanyahu as a Messianic-level leader--irreplaceable until the arrival of a literal Messiah--raises profound concerns. In theological terms, it veers dangerously close to the deification of a political figure, something long warned about in both biblical prophecy and dystopian politics.

This rhetoric appears to be laying the groundwork for a new form of Israeli nationalism--one that blends hardline Zionism with apocalyptic expectations, effectively making Netanyahu a placeholder for the prophesied deliverer. This could pave the way for a false messiah figure, as warned in Matthew 24 and Revelation 13.

Hello,
Bibi's lineage is very easy to trace, and also his thoughts
His father was Jabo's secretary; Jabotinsky was sent by London to Salónique as a journalist at the beginning of the 20th century, where he was at the forefront of the Armenian massacre with the 'Young Turks'.
Jabotinsky->> Benzion , father of Bibi --->>>>bibi who had the 'good fortune' to be educated by his father, who died a centenarian (1910-2012).

Mike Stone - The Threat of Interracial Violence

July 30, 2025

**"Jewish immigration laws have turned America into a multi-colored,
multi-racial hell on earth. It's a reality that nobody wants to talk about.
And because nobody wants to talk about it, the situation is only getting worse."**

By Mike Stone (henrymakow.com)

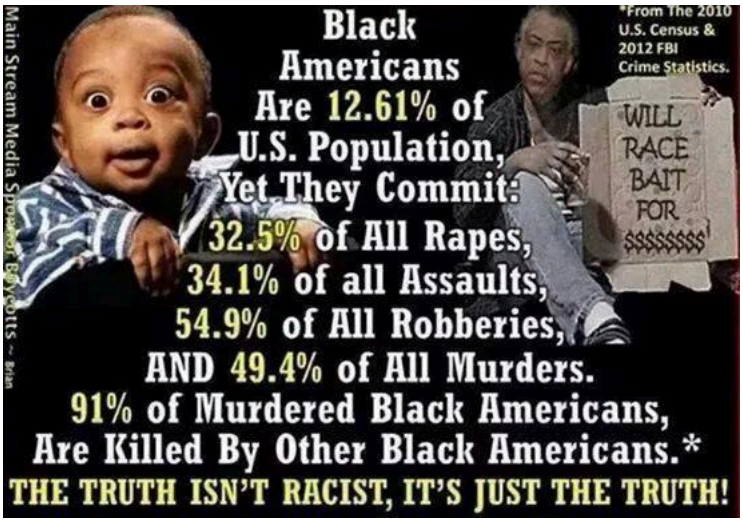
Did you catch the video of the White couple in Cincinnati being brutally assaulted by a mob of angry blacks? https://www.bitchute.com/video/eQofBbcwOZ0R (https://www.bitchute.com/video/eQofBbcwOZ0R)

This is one of the many reasons why I've said nothing substantial is going to change under Donald Trump. Dumbass Republicans refused to listen and now the hatred that many non-Whites have toward Whites has not diminished in the slightest. The hatred that low-IQ liberal White women have toward their own race has not diminished. Nothing substantial has changed, nor will it ever change.

Bear in mind that what you saw in Cincinnati is not an isolated incident. The same thing takes every day in every major city in America. This one is making the rounds because the assailants filmed it and released it themselves. But most of these attacks are never filmed. When a punk tried pulling that Knockout Game on me, it wasn't filmed. If I hadn't spotted him coming out of the corner of my eye, I'd have been another nameless victim. (That attack was dramatized in my novel "Based.")

Jewish immigration laws have turned America into a multi-colored, multi-racial hell on earth. It's a reality that nobody wants to talk about. And because nobody wants to talk about it, the situation is only getting worse.

Stupid White parents tell their children every day, "Don't discriminate. Don't be racist. People are all the same. Black people are just like you and they've had a much harder life than you." No black parent ever tells that to their children.



Main Stream Media Sponsored Boycotts ~ Brian
Black Americans Are 12.61% of U.S. Population, Yet They Commit:
32.5% of All Rapes,
34.1% of all Assaults,
54.9% of All Robberies,
AND 49.4% of All Murders.
91% of Murdered Black Americans, Are Killed By Other Black Americans.*
THE TRUTH ISN'T RACIST, IT'S JUST THE TRUTH!
*From The 2010 U.S. Census & 2012 FBI Crime Statistics.
WILL RACE BAIT FOR $$$$$$$

Because of stupid White parents telling their kids for decades that "people are all the same", we now have millions of White adults who actually believe that. Which explains why the White couple that was assaulted had no idea they were putting their lives in jeopardy by attending a jazz festival. They believed they were safe because "people are all the same."

People are not the same. People have never been the same. And people never will be the same.

Humans are alike in that we all laugh, cry, and feel pain. However, there are startling differences among the races in terms of character, personality, and intelligence.

In *"Teen Boys Success Book*," I advised teen males, "Don't attend parties, bars, movies, nightclubs, or any type of social gathering where male members of a different race might gather. Just. Don't. Do it."

What you saw in Cincinnati is exactly why I wrote that.

Yet because I wrote that, dumbass liberal White women gave the book 1-star reviews. I feel sorry for their children. They're going to end up beaten and raped for believing the lie that people are all the same. They're going to end up like this couple in Cincinnati. They're going to end up like that White kid who got stabbed to death at track meet. They're going to end up like Mollie Tibbets.

Cincinnati Police Chief Teresa A. Theetge

Rise of the Old Hags

Cincinnati, like every major city in America, is a shithole. Look at the old hag they have for a police chief. She's in that position because "people are all the same." Same with the mayor. And the same setup can be seen in every major American city.

Look at L.A. We have an old hag for a mayor and an old hag for fire chief, and look what happened. Water for the city's fire hydrants was turned off, a wildfire took place (some say it was DEW attack), and a large portion of the city was burnt to the ground. That's what happens when "people are all the same."

Now Cincinnati's Police Chief Teresa Theetge is saying that "social media journalism" deliberately misrepresented the attack. In other words, race had nothing to do with it.
pic.twitter.com/ws0dLnHnUW (https://t.co/ws0dLnHnUW)

https://youtu.be/CAXj0AMWNDg (https://youtu.be/CAXj0AMWNDg)

I feel like a broken record, but I have to say it again. America is dead, finished, kaput. The country's fall is not an accident. It's the culmination of decades of planning and systematic implementation. Anyone who can't see that at this late stage of the game is an idiot.

The best you can do is to save your own soul. That's where all your energy and focus should be going. Homeschool your children. Tell them the truth about race. Have nothing to do with anyone who tells you "people are all the same."
good luck. You're going to need it.

First Comment from Darlene-

The Sub Saharian type can be extremely primitive & savage, per the herein. The lowest IQs and standards of living are found there. (I've been over much of Africa & witnessed it - once suddenly caught among 100s of thousands wild Blacks in Durban & w/only 3 White friends. Frightening. We barely escaped.) Schweitzer reported this reality too, but was excoriated. Three clips on such types are herewith. Such types are what are being imported into the US & EU now. Most Haitians are much like this in type too. The crime rate in the US from Blacks is already astronomical, this is why we need immigration control. As a caveat, I've studied with some high-level African Blacks who were quite bright & accomplished. They were of the elite class of their societies. Careful breeding does make a difference.

Self-segregation is not irrational for Whites, it's self preservation. The term 'racist' is meaningless anymore & it seems this was coined by Trotsky anyway. Today it means objecting to being robbed, raped or murdered, or if you don't like vulgar twerking you're a racist. It's a meaningless canard, like Antisemitism. When one notes that those who promote this

integration & miscegenation and yet they themselves exclude it from their society, we recognize the enemy.

"If you worship your enemy, you are defeated.
If you adopt your enemy's religion you are enslaved.
If you breed with your enemy you are destroyed."

Re: "It means cancelling movies, music, television, sports, junk food, fast food, all of it."

Henry,

Giving up movies, music, TV, junk and fast foods is easy compared to sports. People love sports. My attitude toward sports has changed slowly but drastically in the last 30+ years. I now realize that team sports can be detrimental when taken too seriously and most coaches do just that. Nothing is to get in the way of playing on the team; everything for the team and the greater glory of winning. Fun is second to winning. Competition is everything. The peer pressure can be great on a youngster. This is where is gets unhealthy.

I have come to think that individual sports must replace many, if not all, team sports.

Now...turn the TV sports off. That is not easy in this culture. (Stop drinking beer and gambling, too while watching the game. Ouch!)

Then, we need to stop "competing" and actually enjoy the pleasures of an activity and the health benefits of moving our bodies.

Thanks for the great article.

Mark Glenn thinks Israeli blackmail is the only reason Trump is not stopping the genocide.

The truth is that Trump, Netanyahu and Putin belong to Chabad, a Jewish supremacist death cult that is organizing the extermination of believers under the cover of "war." (https://www.bitchute.com/video/QerzNRRKaL0l/)

Glenn: "However now, following the last meeting he had with the terrorist Jew Netanyahu in the Oval Office, it would appear that he has been immobilized and neutralized in terms of his plans for moving forward with what he promised he would do, and the reason for it all boils down to 2 words-Jeffrey Epstein...

Netanyahu has POTUS DJT in one of his made-to-order Mossad headlocks and over the issue of Epstein, not that POTUS is on 'the list' as far too many 'experts' within the 'alternative media' claim, but rather, that dozens of his suporters in Congress are on it and who will, after being threatened by Netanyahu and the terrorist Jews making up his network, resign from their posts in Congress, thus paving the way for 'special elections' to take place that will bring Congress back into Netanyahu's orbit of control rather than Trump's.

For the record, and remember that (to the best of our knowledge) you heard it here first, it is likely that at issue here is not just Congressmen being caught on film with underage children, but rather, being caught on film with underage children who were murdered, similar in many respects to that infamous scene in the 2nd Godfather film to wit.

And thus, the reason for POTUS DJT's about-face in trying to close the lid on all further discussion involving Epstein by saying that it is all 'fake news' and a 'hoax'."

Trump's playing the ultimatum game with Russia: 50 days or 10... He should remember 2 things:
1. Russia isn't Israel or even Iran.
2. Each new ultimatum is a threat and a step towards war. Not between Russia and Ukraine, but with his own country. Don't go down the Sleepy Joe road!

The Rise of Zohran Mamdani: Why the Radical Left Is Doubling Down on Extreme Socialism

https://www.birchgold.com/featured/radical-left-doubling-socialism/ (https://www.birchgold.com/featured/radical-left-doubling-socialism/)

As radical candidates like Zohran Mamdani gain momentum, the political left is shedding its mask and going all-in on extreme socialism. Brandon Smith of Alt-Market.com explains this isn't a course correction - it's escalation. And the consequences are coming fast...

Zohran Mamdani, a 33-year-old New York State Assembly member and self-described democratic socialist, stunned political insiders by clinching the June primary over establishment figures like Andrew Cuomo. His platform is unapologetically bold:

An immediate freeze on rent for nearly two million rent-stabilized units
A jump to a $30 minimum wage by 2030
Publicly owned grocery stores in every borough
Free city buses
Sharply higher taxes on millionaires and corporations
Mamdani has also courted controversy, refusing to denounce the phrase "globalize the Intifada" (he calls it a "human-rights slogan") and later insisting he "oppose[s] any incitement to violence.

DR. STEFAN LANKA (COURT CASE): 'MEASLES VIRUS WAS NEVER PROVEN TO EXIST'

There are no pathogenic 'viruses', and if there were, we wouldn't be here talking about them. Donna Trump's 'unseen enemy' (Covid-19) is complete fantasy. If you're thinking of vaccinating your child, again, for something that doesn't exist, (never isolated, purified, visualized) you might want to pay attention for a few min.

Can we finally clear up this bullsheite that most physicians get wrong? Yes we can. Modern medicine is stone-age garbage. You can only do this in Germany because of the German Infection Protection Law, otherwise the usual suspects suppress the science. He offered 100K euros to anyone who could show a pathogenic virus; they failed.

Satanists made sex the Holy Grail

How to De-Addict Gen Z from Porn

Porn has degraded a generation. Two tech bros have come up with an app to save young men from its 'pit of shame and self-hatred.'
Connor McLaren and Alex Slater designed Quittr to help Gen Z men quit porn. It now has over one million downloads.

"Quit porn. Watch your lust. Work on talking to girls. Hit the gym. Start building your life. Start building your character." Connor McLaren, the cofounder of the porn addiction recovery app Quittr, sipped on a matcha latte while rattling off his app's unofficial mission statement. Every other beat, he would glance quickly to his right and to his left, cognizant of how often he was saying the word "porn."

It might still be taboo in polite society, but online, porn is ubiquitous. Ninety-one percent of men consumed it in the last month. PornHub received an astounding 11.4 billion visits in one month in 2024. The site only launched in 2007, meaning Gen Z are the first Americans to grow up in its long shadow--and by all accounts, it has degraded us.

Many young adults report encountering porn from an average age of 12. Jonathan Haidt, in his bestseller *The Anxious Generation*, explains the consequences: The more you watch porn in your formative years, the more likely you are to avoid pursuing real-life romantic relationships. Asking a human being out feels riskier, at least emotionally. Porn can't reject you, or humiliate you, or expect any kind of commitment in return for sexual gratification. And so young people--particularly boys--get hooked on it, and slowly their expectations of beauty, intimacy, partnership, and pleasure are warped, perhaps forever...

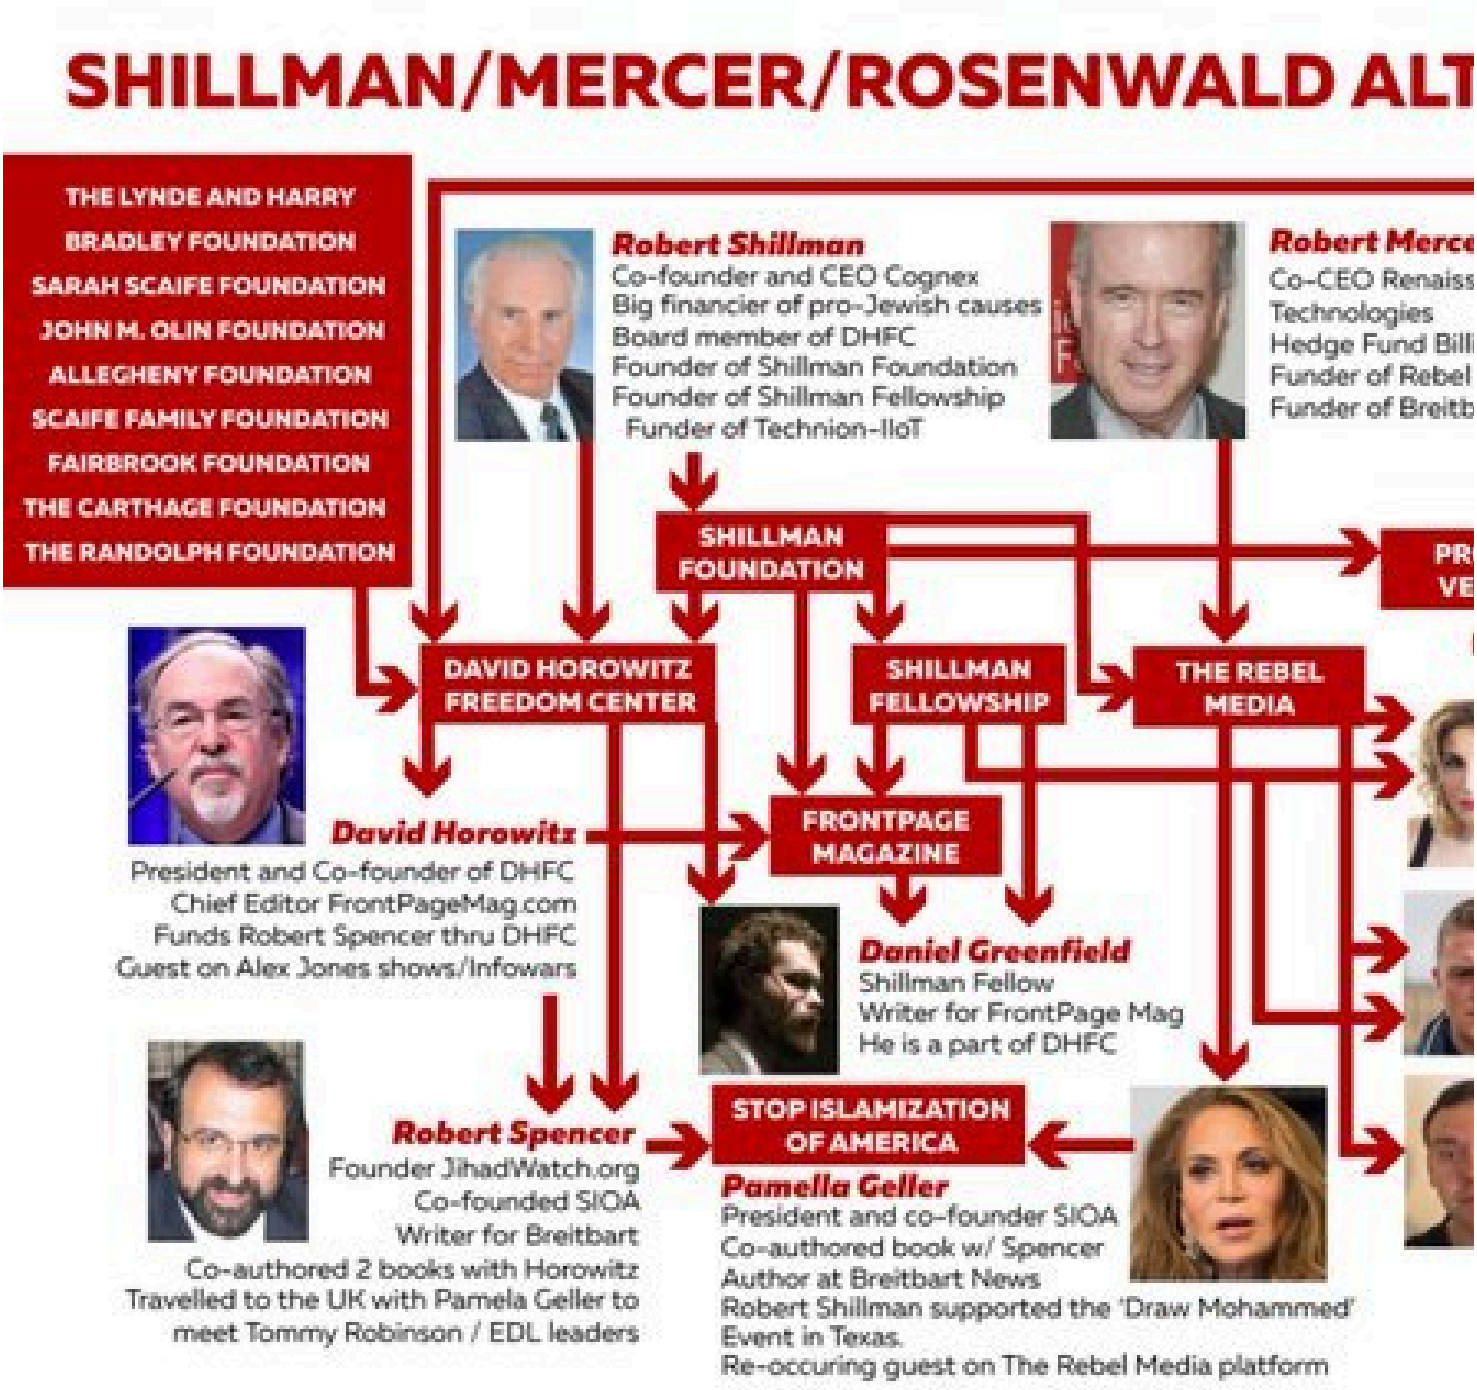
I worked as an Information Officer, in the Federal Election on April 28, 2025. I was at the - Dr Knox Ecole /School- Polling Station in Kelowna BC from 5:45 AM until 8:30 PM .

I want to put in writing what I witnessed:

1- Numerous voters , at least 50%, asked if they could use their pen, that they brought to vote. I said YES.



LATER- after the polls closed, I was then asked to, do the Tally. (Record the choice of vote on the ballot) As the Deputy Returning Officer called out the Name of The Candidate selected, I was to record it.

I noticed, None Of the ballots were in Pen. Only pencil. I know for a Fact, I sent most voters, that had a voting card, to desk # 17.

The total of votes tallied at desk #17 were the most of any other desk in the Polling Station. I asked my DRO why none were in pen. No answer offered.
These ballots were then put in an envelope and sealed. My signature is on record as I tallied the total.

2- I noticed many voters turned away that had proper ID. I talked with many to ask why they were refused as these voters were very upset and felt very concerned that they were refused. It

turned out that an ENTIRE APARTMENT BUILDING on Valley Road was missing from Elections Canada Information. Meaning none of the residents had voter cards. Without the cards they needed to provide valid ID. Without PROOF OF The Building Existing, none of the occupants could vote, even with valid Passports, Drivers Licenses, morgage docs, rental agreements, bills ect. It was mindboggling to watch these people turned away. I brought each person to the supervisor to help them vote and the Supervisor said there was nothing they could do without without Election Canada approval.

3- Election Canada was not accessible most of the day. By the afternoon, no supervisor or senior officers could get through for any verification.

4- over 60% of voters were under 35 at this location. There were a handful of 70 year old and up. This was remarkable to see such a massive amount of youth. I lost count of how many youth told me it was their 1st Time voting Federally. I asked for stickers or anything to hand out. There was nothing for 1st time voters or children attending with parents.

5-One other Information Officer informed me, his wife was working at the head of Elections Office in the Landmark Building where all the Special Ballots were. These ballots were done very early and you wrote the Candidate name on the ballot. This was done for weeks. Other specail ballots are the mobile voting and mail in votes, ect. The ballots were not precounted. I spoke with this man after the polls closed and after we tallied to ask if his wife's still counting. He said they did not finish yet and that there was approximately 20,000 ballots. STRANGE that Kelowna called out a winner without that many ballots counted.

6- Many voters spent the day going from Polling Station to Polling Station trying to vote because the Election Canada website was not working so no one could troubleshoot all these oddities with missing voters cards and locations of Polling Stations based on the address of the voters.

7- I can assure all Canadians what I saw in only 1 poll would have a difference in the outcome of this riding. When an entire apartment building is missing, that is not a simple insignificant issue . Hundreds of voters are not counted and that will change the outcome of elections.

My experience is of only 1 poll, in 1 riding, in 1 city, in BC . If it happened here I'm safe to understand it happened in other places. That is one of endless reasons that Elections Canada was not reachable or web sites working for most of the day.

Very clear interference in the Voting Of eligible Voters witnessed today.

Manitoba Needs a New

Conservative Party (https://www.facebook.com/100088442083883/posts/661887870102610/?rdid=ojfHkB0IcORnZKON)

The Manitoba Progressive Conservatives are in freefall -- and it's no accident. Once a party grounded in personal freedom, fiscal responsibility, and common sense, it has abandoned its roots to chase the approval of special interest groups, lobbyists, and political insiders.

The recent leadership race was a disaster that confirmed the rot. Instead of learning from the elitist failures of the past, the party doubled down. Only 10,990 memberships were sold -- nearly half of the previous race. Just 6,750 ballots were returned. Wally Daudrich won the popular vote with 3,387 votes to Obby Khan's 3,334 -- a clear one-person, one-vote victory. But the PC establishment had already stacked the deck with a manipulated "points system," allowing Khan to seize victory by weighting small ridings heavier than large ones. In places like Steinbach, Daudrich's strong showing was diluted. Meanwhile, Khan's wins in low-turnout ridings like The Maples translated directly into points.

Even Premier Wab Kinew could see it coming. The fix was in.

The will of the membership was thrown aside in favor of what insiders wanted. The result? A deeply divided party, rapidly shrinking, financially strained, and morally compromised.

The scandals continue to pile up.

• Over $2 million in consulting contracts were quietly funneled to the PC's failed campaign manager, Marni Larkin, through daycare projects while the PCs were in government.

• The son of a major PC fundraiser was handed multimillion-dollar daycare construction contracts without competitive oversight.

• A campaign "car rental" expense turned out to be a hidden payment to a known sex coach.

• The Integrity Commissioner's pending report into the Sio Silica project looms over the party, with serious questions about attempted fast-tracking after electoral defeat.

• Now, the party's newly installed leader, Obby Khan, faces a $400,000 lawsuit from a former business partner alleging financial wrongdoing.

At the same time, the PCs -- led by figures like Khan -- are increasingly paralyzed in the face of street-level violence and campus protests where hatred toward Jews is openly displayed. They cannot -- or will not -- forcefully condemn the violent, hate-filled ideology taking root, because political Islam now lurks just beneath the surface of their new coalition.

This is no accident. Political Islam, dressed as a religion, has destabilized the Middle East and Europe -- and now it's creeping into Canada. It does not coexist with Western freedoms. It seeks to dominate them. And with figures like Khan at the forefront, the Manitoba PCs have placed themselves on the wrong side of history, unable to defend the very principles our civilization was built upon.

Unless the Manitoba Progressive Conservatives return to true conservative values -- courage, accountability, and loyalty to the people, not the elites -- they will not just lose power. They will lose their soul.

For true conservatives -- for those who still believe in protecting our freedoms, in honest leadership, and in standing unapologetically for the people -- there is a better choice: the Keystone Party of Manitoba.

The Keystone Party represents the future that the PCs abandoned: a movement built not for lobbyists or insiders, but for ordinary Manitobans who are tired of being sold out. It is the home for those who will no longer tolerate corruption, ideological drift, or moral cowardice.

If you believe in real conservatism, if you want real leadership with real accountability -- then it's time to walk away from the broken PC establishment and build something better.

It's time to come home. It's time to build Keystone.
